Purely Business!

The columns of a newspaper represent a cash value. No publisher can afford to give advertising "notions" free any more than a merchant can give away his counter-top lot of dry goods or shoes. A newspaper is a legitimate business concern. Its columns are its stock in trade, and advertisements should be paid for, no matter in what part of the paper they appear.

Honest Merchandise Will Always Win.

Among our many faithful patrons the most faithful are those who, at some time or other, fall into the snare of dropping into one of the clothing houses that advertise to sell \$15 Suits for \$6.98. It is a noted fact with the clothing trade, and we are proud to say it, that we are credited, and justly so, for carrying a stock of

Clothing, Gents' Furnishings and Men's Shoes

that is not equaled in the state. To wear a Hechinger Suit is a sure index that you are properly clad, and when you wear a pair of Smith & Stoughton Shoes you not only display elegance in your footwear, but you also enjoy the comfort that only high-class shoes afford. Withal, our prices are so moderate, considering qualities, that you owe it to yourself to investigate us when you want to buy.

Our Stock of Suits and Overcoats

is represented only by the best of manufacturers in the country, and that it pays us and you to deal in honest merchandise is evidenced by the fact that

We Do the Clothing Business of Maysville.

It goes without saying that our line of MEN'S FINE SHOES is the line. A glance into our Shoe Window is all that is needed to convince you we are right.

Colonel W. B. Baldwin yesterday appeared before Judge James P. Harbeson of the Mason Circuit Court and made application for guards to protect tollgates from raiders.

It is hoped this action of the Court will stop proceedings on the part of lawless persons.

THOMAS PAYNE WOOD.

Another of Maysville's Bright Young Men Passes to the Great Beyond.

A more shocking intelligence has not been given than the message which announced the death of Mr. Thomas Payne Wood, fifth child and third son of Mr. and Mrs. J. James Wood.

Three weeks ago he was stricken with typhoid fever, and since then has been resting easily and doing nicely, so his symptoms spoke, and thus all took courage, awaiting the inevitable crisis which time alone could bring.

Last night at 10 o'clock the subtle influences within, which were against physical forces and which had silently but surely been marching on toward triumph, proclaimed their victory, and the spirit of nobility, the intelligence of a superior mind, the sweet life and well-lived years of Thomas Payne Wood winged their flight to join his family in the realms of bliss, where—

"He rests in the light of God As a babe on its mother's breast, There the weary cease from troubling And the painful are at rest."

Born September 16th, 1875, he had just passed his 22nd natal day.

Reared amid environments of culture, affluence and religious convictions he early took upon him the vows of the Church, of which he was a faithful member, the color of commercial position and the habit of manliness in every act and walk, so that though young in years his departure will cause heartburning and sorrow which cannot be filled very soon.

Last April he graduated from the Louisville College of Pharmacy with great distinction, being beside leading essayist and valedictorian a special Professor in Chemistry. These honors came as the fruit to the tree,—a natural result because of endowed and cultivated germ inherent within him.

The funeral arrangements have not been made.

GATES TORN DOWN.

The Tarapike Raiders Again at Their Work in Mason County.

Surely no agency has done more to secure to the people of Mason county the right to travel free than THE LEDGER.

It has been fighting the tollgate for more than twenty-five years.

But it has waged a war of reasoning, and not of destruction; and it has no language sufficient to condemn those who unlawfully and wilfully destroy that which does not belong to them.

Gentlemen Raiders, you have no more right to tear down a tollgate than the tollgate owner has to tear down your fence, and the justice of one act is exactly on a plane with the other.

The destruction of the tollgate at Helena a few nights ago was an outrage, and so was the cutting down of the pole on the Flemingsburg pike near Lewisburg.

For the present the owners of this property are powerless; the authorities refuse them protection—but a time may come when the taxpayers will have to make good these losses, for one of the bedrocks of our Constitution is that public use without just compensation.

If this shall fall under the eye of a single Raider, we sincerely hope, for the sake of good citizenship, for the sake of law and order, and for the sake of the county we all love, that he will himself resist and induce others to do likewise.

The people have been patient under the burden of tollgates on every pike in the county for more than a generation.

Is it possible that they can't be patient a little longer with the gates on only four of the pikes?

If they will, free travel will come to all of us, and will come in a lawful and consequently an honorable way—the way that every good citizen should want it to come.

Rough football in the West is a thing of the past.

The West will introduce a new game independently of the East.

Its experts will meet, make a new game, draft new rules and begin teaching a modified form of the game of football, which will be devoid of its brutal characteristics.

The mass play and force tackling will be eliminated.

The Faculties of the Universities of Michigan, Chicago, Wisconsin, Minnesota, Illinois, Northwestern and Purdue were represented at the conference.

EAST AND WEST

Will the Findlay, Ft. Wayne and Western Road Be Extended.

One of the Most Important Trunk Lines in the Country to Be Formed.

Survey of a New Line From Ft. Wayne to Kankakee Made—From Findlay Eastward a Survey Made to Lester Junction, Connecting With Cleveland.

FINDLAY, O., Nov. 30.—A meeting was held Monday afternoon in the directors room of the Findlay, Ft. Wayne & Western railroad, for the purpose of ratifying the plans already determined upon for extending that road both east and west, and forming one of the most important trunk lines in the country. A special train with two private cars of the Illinois Central railroad arrived at 11:15 o'clock Monday morning. The train bore a party composed of John Jacob Astor, president of the road; Henry B. Ely, of New York; treasurer; W. T. Bailey, of Cleveland; a director; J. T. Harahan, vice president of the Illinois Central; J. P. Thompson, a director; T. J. Hudson, traffic manager; and David Sloan, chief engineer of the same road. The party made its annual trip to the north and other property of the company, which was found in first-class condition.

At the directors' meeting definite plans were made for the extension of the road eastward and westward. When this is done the Findlay, Ft. Wayne and Western will become a great trunk railroad over which trucks will pass a large portion of the product of the great west on their way to the seaboard.

It is believed that the road will become the eastern terminus of the Central railroad. A survey has been made of a line from Fort Wayne to Kankakee, Ill., where the road makes connection with the Illinois Central.

From Findlay eastward a survey has been made to the junction of the road where connection will be made for Cleveland over the Cleveland, Lorain and Wheeling, and also for eastern trunk lines.

From one terminus to the other the line will be almost straight, and the grade will be confined to 15 feet to the mile. It developed here that the work has been almost commenced on the survey for a line from Lester Junction to New York.

Mr. Astor, president and chief stockholder of the tangent line, is a heavy stockholder and director of the Illinois Central railroad. The value of the line of incalculable value to the Illinois Central which at present has to deliver all its business to other lines at Chicago.

Mr. Astor and his party left Monday evening in their private cars for Fort Wayne and from there to Kankakee, Ill., getting as close to the surveyed line as possible.

Glick, ten years in the Maryland penitentiary and \$100 fine; and Turkuski's wife, Katharina, ten years in the Maryland penitentiary and \$100 fine. Collector Pratt Renowned. ALBANY, N. Y., Nov. 30.—The Journal is authorized for the statement that Louis W. Pratt, collector of internal revenue for the Albany district, has been peremptorily removed from office, his chief deputy, Harlan P. DREADFUL STORM

On the English Coast—Many Corpses Cast Upon the Shore.

LONDON, Nov. 30.—The gale which swept the English coast Sunday, doing much damage at Holy and other places, raged all night long and had not abated in fury Monday morning, when it mounted almost to cyclonic proportions. In many places and was accompanied by snow and hail. A long list of casualties, with much damage to property has already been received. All the coast towns have suffered and scores of bodies have been washed ashore. Failing walls and flying debris have added to the loss of life. Vessels are reported on shore on every part of the coast, and many ships are known to have foundered with the loss of all hands. There is much wreckage about the Goodwin Sands. At Lowestoft, Yarmouth and elsewhere the sea has flooded the quays and neighborhoods, washing away the esplanades and doing other serious damage. The sea wall at Southborough has been washed away and the passenger and mail services across the channel have been mostly suspended.

Scarcely a town on the coast has escaped without more or less injury, falling walls and flying debris added to the loss of life. There have been reports and life-boats risen a most wonderful number. Stories of thrilling escapes from all parts. On the Norfolk coast, between Racton and Happisburgh, five vessels, as yet unidentified, went down and the crews all perished.

A number of bodies have been washed ashore near Yarmouth. The brig *Lucy* was wrecked off Blyth. The coast guard service made desperate efforts to save the crew and succeeded in getting a line on board. A diving woman was working in the sea, and the brig was hoisted, all the rest of the ship's company perishing.

A large steam collier dashed upon Flamborough Head, the famous promontory on the North sea coast, floated off and then foundered with all on board. The vessel was a *rocking* wreck, and the crew was rescued, all the rest of the ship's company perishing.

At Lowestoft, the *Lucy* blew off the roofs of several houses, threw down chimneys and tore up trees. The *Morsey* flooded its banks on the Chester coast, and the crew was rescued. The *Lucy* was wrecked on Bridlington Sands with her entire company.

Of Martin Thorn, New York, Almost at an End.

The Prisoner Testifies in His Own Behalf, Accusing Mrs. Augusta Nock.
